

Center for Bio-Ethical Reform

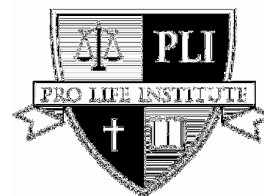

Dear Pro-Life Friend,

The pro-life movement is in trouble! We are aging and losing hope. Many pro-lifers seem defeated. The old guard is retiring or dying off and there is no one coming behind them to carry the mantle. Most pro-life organizations are run by great people but they are 50+ and many of them have lost the energy and vision to take us to the next level. If you combine America's first pro-infanticide President, the prospect of a new pro-abortion Supreme Court justice, and the Tiller murder, some of our troops are agreeing with the enemy and saying the battle on abortion is over and we've lost. We face a desperate situation. We have no time to waste. If we plan to end child killing in our lifetime, this gloom and doom outlook must be reversed NOW. Young courageous leadership must take the helm and steer the pro-life ship to victory! CBR has a plan.

That is why as a Director for the Center for Bio-Ethical Reform God gave me a vision. That vision is to train hundreds to make abortion unthinkable to millions—one young person at a time. This is why I started the Pro-Life Institute.

The Pro-Life Institute (PLI) trains advocates of the pro-life view to persuasively articulate and defend their position in the marketplace of ideas. What makes PLI different from traditional training seminars and conferences is that PLI not only teaches students the basics but gives them an opportunity to take what they have learned and apply it in real-time. In other words, PLI not only teaches students to fish but takes them fishing. CBR accomplishes this by presenting the pro-life position in schools, churches, and universities as a precursor to inviting them to participate in our highly effective campus exhibit - the Genocide Awareness Project (GAP). Now that is a training program!

IF YOU ARE AS CONCERNED AS WE ARE ABOUT THE FUTURE OF THE PRO-LIFE MOVEMENT, THEN PLEASE FINANCIALLY SUPPORT CBR'S PRO-LIFE INSTITUTE.

If I am fortunate, I have 20-30 years of Christian service left before I go to meet the Lord. Until that day, my main purpose in life is to raise up a new generation of thinkers and debaters who can take on the culture of death and win! When I look back at my life I want to see a long line of pro-life apologists following in my footsteps. Anything short of that would be disappointing. Don't get me wrong, I love pro-life activism, but CBR cannot visit every university or public square on its own. We need a program to reach, train, inspire, and activate our youth. CBR has the best projects on earth but without new leadership to conduct them our aging leaders will die off and our powerful projects will die along with them.

Read what prominent pro-life leaders are saying about the Pro-Life Institute:

- *I believe that Mark Harrington's work is much needed and I warmly support it.* -- Dr. Jack Willke, Life Issues Institute
- *Mark Harrington is making a huge impact for life and I fully support his efforts. Mark is a gracious and articulate defender of the unborn, educating thousands annually.* – Scott Klusendorf, Life Training Institute

The definition of apologetics is a *formal argumentation in defense of something*. PLI makes the case for life better than any program because we combine classroom training with the hands on experience of creating dialogue on campus with GAP.

THE PRO-LIFE INSTITUTE NEEDS YOUR SUPPORT TO PURCHASE NEW AUDIO/VISUAL EQUIPMENT. YOUR GIFT OF \$1000 PURCHASES SPEAKERS, MICROPHONES, AND OTHER EQUIPMENT TO HELP TRAIN COLLEGE STUDENTS.

I share a word with Jack Willke, Founder of National Right to Life, at a pro-life bill hearing in the Ohio State House.

Scott Klusendorf, author of the new book "The Case For Life" speaks at Summit Ministries.

It gets even better. Please read on.

CBR has secured a long term commitment from one of North America's premiere pro-life teachers and trainers—Miss Stephanie Gray. Stephanie has given pro-life presentations across North America and in the United Kingdom. Stephanie was the president of Lifeline, the University of British Columbia's pro-life club from 1999–2001. She is a co-founder and the executive director of the Canadian Centre for Bio-Ethical Reform. Stephanie is one of the most articulate speakers on bio-ethics in the world. Read what has been said about Stephanie:

- *Stephanie Gray is an outstanding public speaker with a gripping and relevant message of hope which will assist others to learn how to intelligently argue for the unborn.*
— Brad Smith, head of Guidance Counseling, Pacific Academy High School, Surrey, BC
- *Before I was pro-choice, because it's nobody's business but her own; after the presentation I'm pro-life, because abortion is inhumane.* — 13-year-old, St. John Brebeuf Regional Secondary School, Abbotsford, BC

YOUR SPECIAL GIFT OF \$500 HELPS US PROVIDE SCHOLARSHIPS TO THE BRIGHTEST PLI GRADUATES TO COME ON THE ROAD WITH THE GENOCIDE AWARENESS PROJECT.

The Pro-Life Institute takes students from the classroom to the campus and makes them confident apologists.

PLI's program called *Creating Dialogue on Campus* is making a huge impact on young people. Below are a few of the recent responses we received from students who were trained by CBR's Pro-Life Institute at Ohio State University (OSU).

- *If there are lukewarm pro-lifers around, I am sure you affected them.* — 17 year old female
- *I wish I could bring all my friends here. I hope there's another seminar like this at OSU in the future!*
— 25 year old male Senior

YOUR GIFT OF \$399 PURCHASES ONE NEW DIGITAL VIDEO CAMERA TO HELP CREATE PLI DVD'S FOR A BROADER AUDIENCE AND PUT VIDEO ON YOUTUBE AND OTHER WEBSITES.

Stephanie Gray and I are poised to make a difference in the lives of students all across America in the coming months and years. With your help we can bring the Pro-Life Institute to OSU and beyond! In fact, we have plans to present PLI in the Upper Midwest and Eastern US this fall. We have made the commitment to never give up on the babies and their parents. Will you make the same commitment to us in prayer and deed?

YOUR GIFT OF \$100, \$50, OR \$25 HELPS TO BUY PLI TRAINING MANUALS AND INFORMATION PACKETS FOR PLI STUDENTS. THEY NEED YOUR HELP.

The more training we do, the more students we reach. The more students we reach, the more babies we save. It's that simple.

Mark Harrington, Center for Bio Ethical Reform

P.S.— Let me leave you with the words of a recent PLI graduate and participant in GAP who said, "Mark, we need you and Stephanie to travel the US and raise up a new generation of leaders. You guys are like the dynamic duo!" Please help.
