

# Center for Bio-Ethical Reform

Dear Pro-Life Friend,

On May 31, 2009, abortionist George Tiller was gunned down in Wichita, KS. Immediately upon receiving the news the US Justice Department dispatched federal marshals to protect many abortion centers in the US. Already, the Justice Department has launched an investigation into "all actors" in the Tiller killing. In its press release, the Justice Department made it clear that **it believes others may have been involved in Tiller's death.**

Here is how the press release reads:

"The Department of Justice will work tirelessly to determine the full involvement of any and all actors in this horrible crime, and to ensure that anyone who played a role in the offense is prosecuted to the full extent of federal law," said Loretta King, Acting Assistant Attorney General for the Civil Rights Division. "We will conduct a thorough investigation that will complement and build upon the fine work of the Sedgwick County District Attorney and other state and local law enforcement agencies."

In other words the witch hunt has begun despite the fact that every act of violence against abortionists in the past has been perpetrated by individuals acting alone and not in concert with any pro-life organization. The fact is, the pro-life movement's peaceful record is impeccable and can be put up against any other social reform movement in American history.

Tragically, those pro-life groups who oppose Obama will be a focus of the fishing expedition for potential "actors." Even before the Tiller murder, Obama's Department of Homeland Security told law enforcement agencies to be on the look out for groups who oppose abortion as potential domestic terrorists.

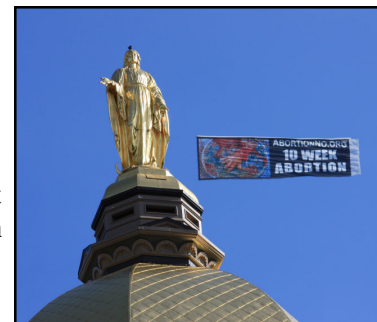

CBR is fighting back. We will not be painted with the broad brush of violence for the immoral act of one individual. We will never be intimidated into becoming silent as long as babies are dying. We will not surrender our most important weapon - the use of truthful images of aborted babies in the public square.

**WE ARE GOING ON THE ROAD WITH THE OBAMA AWARENESS CAMPAIGN THIS SUMMER. PLEASE HELP US FUND THIS PROJECT BY SENDING US A GIFT.**

CBR has been and will continue to be vocal in our opposition to America's abortion President Barack Obama. Our most recent effort was conducted at the University of Notre Dame. For three full weeks, Obama's invitation to deliver the commencement address was protested by CBR's handheld signs, truck billboards, and aerial banners. The *Wall Street Journal*, *New York Times*, *Washington Post*, *Washington Times*, and *LA Times* covered CBR's impact on the Notre Dame controversy.

Here is a quote from the *USA Today's* article "Abortion Clouds Obama's Notre Dame speech":

"This is our first opportunity to successfully connect Obama to the abortion holocaust," explained Mark Harrington, Executive Director of the Center for Bio-Ethical Reform, one of the pro-life groups that have taken a lead in the Notre Dame protests. "This has forced the issue."

**CBR's aerial billboard flies by the UND golden dome**

**At UND's main gate, volunteers hold CBR's new Obama's Choice signs as our billboard truck passes by**

**Father Frank Pavone of Priests for Life stands in front of an Obama Awareness Sign at the entrance to Notre Dame**

Needless to say CBR delivered an alternative commencement speech at Notre Dame and raised awareness about the extremist abortion views of President Barack Obama.

However, our strong opposition to abortion has now put us in cross hairs of the Obama administration.

Let me be perfectly clear Tiller was an evil man who was responsible for the deaths of thousands of innocent pre-born babies, many of them late-term, but that doesn't give anyone the right to become judge, jury, and executioner. CBR condemns the killing of George Tiller, and has the strongest non-violence policy in the pro-life movement. We not only oppose violence against abortionists, we refuse to cooperate, affiliate, or associate with those who refuse to condemn such violence.

**YOUR GIFT OF \$500 FILLS THE TANKS OF TWO OBAMA AWARENESS TRUCKS SO THEY CAN EXPOSE THE RADICAL VIEWS OF OBAMA AND HIS NEW SUPREME COURT NOMINEE TO AMERICA.**

As if the federal witch hunt wasn't enough of a challenge for us, on May 26, 2009, President Obama nominated leftist Sonia Sotomayor to replace Justice David Souter on the US Supreme Court. Sotomayor believes that the courts not the legislature should be involved in creating social policy. Her philosophy blurs the separation of powers. She is an activist judge who will permit her personal opinions not the Constitution to determine her decisions. She undoubtedly supports Roe v. Wade. Despite the odds, the nomination of Sonia Sotomayor must be stopped! And CBR has a plan.

**Obama Awareness signs at UND (left) had a huge impact while CBR volunteers reach passersby at the main gate (right).**

**YOUR GIFT OF \$225 PURCHASES THREE HUGE OBAMA AWARENESS SIGNS FOR USE DURING CBR'S SUMMER 2009 OBAMA AWARENESS CAMPAIGN.**

CBR is moving forward aggressively with our Obama Awareness Campaign. On July, 27-31, 2009 CBR will be part of the Face the Truth Tour with Jack Ames and *Defend Life* in Pennsylvania, Maryland, and Washington, DC.

On July 13-17, 2009, CBR and Pastor Clenard Childress with [Blackgenocide.org](http://Blackgenocide.org) will confront the National Association for the Advancement of Colored People (NAACP) at its annual national convention in New York City about its unwillingness to substantively address abortion. In 2007, the NAACP, for the second time in four years, blocked a proposed resolution expressing opposition to abortion. The good news is several NAACP chapters are once again poised to present another pro-life resolution at this year's NYC conference and we will be there to support them.

**YOUR GIFT OF \$50 PURCHASES TWO OBAMA'S "CHOICE" SIGNS FOR USE AT THIS YEAR'S NAACP CONVENTION IN NEW YORK CITY.**

By utilizing CBR's Obama Awareness signs, and Obama's "Choice" signs, we will expose the NAACP delegates to the reality of black genocide and the radical positions of America's pro-infanticide President Barack Obama. By displaying horrifying abortion images at this year's convention we hope to force the plight of black babies onto the NAACP's agenda. If God is for us, who can be against us! Keep supporting us during this difficult time.

For Peace in the Womb,

Mark Harrington, Center for Bio Ethical Reform

P.S.— This just came in from a 29 year old female from Charlotte, NC, "I really think I am going to keep my baby, I can't stand the thought and after seeing the pictures of going thru with it [abortion] this morning."
