CBR Goes to NAACP Convention in NYC

The Center for Bio-Ethical Reform (CBR) is moving forward aggressively with our Obama Awareness Campaign.

On July 13-17, 2009, CBR and Pastor Clenard Childress with Blackgenocide.org confronted the National Association for the Advancement of Colored People (NAACP) at its annual national convention in New York City about its unwillingness to substantively address abortion. In 2008, the NAACP, for the second time in four years, blocked a proposed resolution expressing opposition to abortion. The good news is several NAACP chapters once again presented another pro-life resolution at this year's NYC conference and we were there to support them.

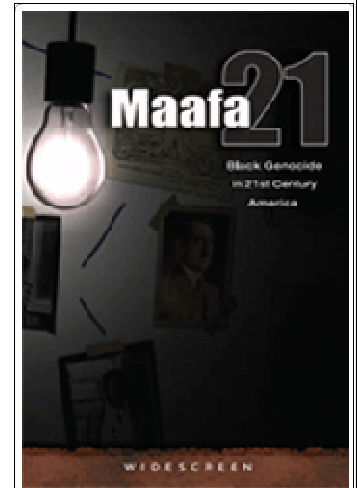

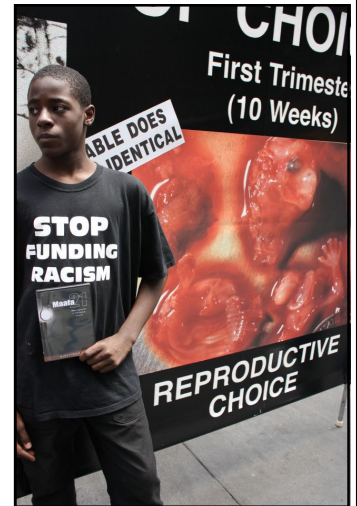

By utilizing CBR's Obama Awareness signs and Obama's "Choice" signs, we exposed the NAACP delegates to the reality of black genocide and the radical position of America's pro-infanticide President Barack Obama. By displaying horrifying abortion images at this year's convention, we forced the plight of black babies onto the NAACP's agenda.

With 33% of all abortions performed on black women – that is black genocide. With over half of all pregnancies to black women ending in abortion - that is black genocide. When African-Americans make up 13% of the population but continue to kill babies at such an astounding rate it is passed time to confront the leadership of the NAACP in their complicity in black genocide.

MAAFA 21 – Uncovers Black Genocide

Three years in the making, Mark Crutcher and Life Dynamics, Inc. have released a powerful new documentary exposing Black genocide through abortion in the 21st Century. Mark Harrington said, "Mark Crutcher has once again, exposed America's dirtiest little secret – abortion and black genocide. Every American should see Maafa 21." We helped pass out dozens of Maafa DVD's to NAACP delegates.

CBR's GAP and truck signs had a big impact on reaching the NAACP about the black genocide of abortion. Hundreds saw the displays.

CBR Director Speaks at Summer Camps

In June and July, Mark Harrington spoke at two Christian camp events. These camps help Christians think and live in accord with a biblical worldview so that they will lead the culture and serve Christ.

Mark spoke at Camp American on June 18, 2009. Camp American is non-denominational Christian camp where prayer and patriotism are openly encouraged (Located in Pokagon State Park in Angola, IN, for youths 12-18).

On July 13-17, 2009, Mark, Dylan, and Luke Harrington traveled to Lancaster, PA, to be part of Worldview Academy's (WVA) Leadership Camp. Mark spoke to the alumni attendees on bio-ethics, while Luke and Dylan attended the camp.

Since 1996, WVA have been fulfilling this mission through nationwide Leadership Camps, Christianity & Culture Conferences, and through the creation of many books and resources.

If you would like to have Mark speak at your summer camp or VBS, it is not too early to book Mark to speak next summer. To contact Mark call 614-759-5195.

Next summer, Worldview Academy hopes to have three teaching teams holding simultaneous conferences in three different parts of the country. Mark Harrington has been asked to serve next summer, too. Please continue to pray for us as we attempt to wake the nation to life!
